Stunning and elegant finishes in this Former model home, on a private street, in Griffin Ranch. There are South facing, panoramic mountain views from the large, well-appointed yard. The landscaping for the entire home is top notch. The rear yard has a large Patio cover, wrap around barbecue island, custom pool and spa and privacy. There are three en-suites and an office and also a large den with wet bar. Either of these rooms can easily be a 4th bedroom. The kitchen and living room have that open feel and are very light and bright. High-end stainless-steel appliances, a large kitchen island, & granite slab counter-tops complete this area. The living room has super high ceilings, a fireplace, custom built-ins, and views out to the pool and mountains. Travertine floors throughout except all bedrooms, and office spaces have high end, designer carpets. Plantation shutters in all rooms except living room & kitchen.
